Meeting agenda

224 Gb/s ADC-Based Wireline Transceiver

22 nm ASIC Implementation

Professor Mohamed Radwan

Basel and Mohamed Ali

Second meeting

30 minutes

0-2 min

Project idea

2-5 min

Method and team

5-17 min

System progress

MATLAB signal chain, results and remaining gaps

17-22 min

Execution plan

10-month milestones and deliverables

22-30 min

Discussion

Implementation scope and next milestone
